

Geraldine Community Support Worker

My name is Alexia, and as the Geraldine Support Worker for the Geraldine community, I provide support services for those of the Geraldine community. Offering supports of advocacy, social services and liaison with other social agencies and organisations.

This is a diverse role available to the community through the generosity of grants. Involving advocacy and support with government and non-governmental agencies such as Work and Income, Inland Revenue, Family Works, Geraldine Foodbank and other local and national agencies.

I am here to support and offer a listening ear and an awareness of networks available within the local community and beyond. This may include referrals to differing agencies or exploring wellbeing solutions that empower individuals. If you have any questions, come and ask and together, we can find some solutions. I like being creative and know that together we can come up with a way forward.

This is all done with a confidential and private setting based at the Geraldine Resource Centre (mainly on a Monday). I am also available via email or phone for further conversations.

The Geraldine Community Wellbeing Project was specifically set up to support the whole community. Offering companion services to the Geraldine Children Social Work Trust that provides Social Workers in both the Geraldine Primary and High Schools.

Come and have a chat and let's see together what we can do.

020 4142 5110 or geraldinesocialworker@outlook.com or via Geraldine Resource Centre.
